

# Rolling Green Town Board Minutes

## September 8, 2014

Members present – Dan, Brian, David, Daniel. Todd was absent.

Beginning Balance - \$87,817.74 - Checking \$584.01, Savings \$85,233.73, FFMR \$2000.00

Deposit this month – \$

Paid this month - \$2690.27

Ending Balance - \$85,127.47 - Checking \$2893.74, Savings \$80,233.73, FFMR \$2000.00

Brian was contacted by Krahmer's about lowering the culvert under 130th Street for the private ditch near 150th Ave. They wish to lower it 2 feet to accommodate better drainage. It is a 24-36 inch culvert. This is a shared road with Fraser Township. After consultation with Fraser Township, it was decided it is a private drainage ditch, so should be the full responsibility of the private owners. If there is a change to the culvert, the change needs to meet standards set by the County Highway Engineer.

After discussion it was felt a paper trail is needed for any non-township work done with the township grader and an accurate statement is needed for any repair work done.

Should we be looking at having permits for any work done within the township road right-of-ways? Further research and discussion needs to take place on this.

Bids will be solicited from Wannarka Excavating and Rosburg Repair for replacing the culvert under Pat Murphy's driveway on 100th Street near 180th Ave.

Brian is planning to put his tree grinder on this fall. He will give an estimate for grinding the trees on Pierce Lake Road, the Fraser side of 130th St near 160th Ave, as well as some other spots.
