There are areas where crops are creeping into the right-of-way again. These areas need to be marked and a letter sent out. Dan has a copy of the letter sent by Tenhassen Township. This looks good and should be used as a sample.

There is a local government innovation award. It doesn't appear we would qualify.

REA sent out an application to put in underground cable to the Keith Whitehead place. Dan gave verbal permission so the work is already completed. Permit was signed and returned to REA.

Mike Shipley, township assessor, has completed his work for the township. He plans to attend the meeting next month to review his findings.

Once again, the permit for tile work in a township ditch has been postponed until next month.

The trees along Pierce Lake road were discussed. Kimmet didn't have time to look at them and put in a bid.

Cohr's has completed the application of gravel to the township roads. Only a couple of spots need additional material. Brian will put 2 loads of Class 7 at the end of Pat Murphy's driveway and 1 load at the T corner at 170th Ave and 130th St.

After harvest all signs in the township will be examined and a sign replacement plan will be discussed.

Dan Bebernes, Clerk
