Brian will call and follow up with the tiling bill sent out a couple months ago.

Cohrs is the only bid received to date. They have a bid of \$11.25 per ton delivered. It was decided to go with 8-9 loads per mile on 17 miles for a total of \$35-40,000. Brian will call. Need to be Class 5 specs.

It was decided to suggest the levy for 2016 remain the same at \$150,000.

Should we be setting some money aside for the next grader upgrade in a few years? Will look at this further at a later meeting.
